University of Maryland
Institute of Advanced
Law Enforcement Studies

June 3 - 8, 2018

Session XVI

An intensive, advanced instructional program for Law Enforcement officers who desire a comprehensive understanding of impaired driving issues and are committed to taking a leadership role in DUI enforcement.

DUI Institute

www.meetings.umd.edu/mdduiinstitute

OBJECTIVES

The Institute features a challenging university-level curriculum, incorporating a comprehensive instructional approach by examining all pertinent issues in DUI enforcement. These issues include social concerns and management perspectives, emerging enforcement strategies, effective courtroom presentations, and advanced SFST training.

At the conclusion of this institute, candidates will be able to:

1. Compare the relative effectiveness of different impaired driving counter-measures.
2. State several strategies for increasing police officer motivation for apprehending drunk and impaired drivers.
3. Demonstrate current, updated SFST procedures.
4. Demonstrate effective court room and trial techniques when giving testimony for DWI and impaired driving cases.
5. Identify significant trends in the history of police management and the main factors in organizational behavior related to impaired driving enforcement.
6. Identify the major historical influences of alcohol's role in our society.
7. List the main diagnostic features of alcohol addiction, intervention and treatment.

The Institute also includes interactive exercises including "Catch 'Em If You Can."

TOPICS INCLUDE

Using university professors as well as national experts, the Institute will provide you with advanced training on the physiological and historical aspects of alcohol, addiction, treatment, recovery and emerging strategies for dealing with impaired drivers. Extensive training will be devoted to U.S. Supreme Court decisions and Maryland laws as related legal procedural issues that will increase police officers effectiveness in court. Individualized instruction in DUI case preparation and background research will be provided, along with a tutorial on effective courtroom presentations and techniques

- Physiology of Alcohol & Human Body
- Historical Perspectives of Police Traffic Management
- Assessment & Treatment of DUI Offenders in Maryland
- Status & Effectiveness of DUI Prevention Approaches
- Addiction – Diagnosis, Referral, Treatment & Recovery
- DUI/Drug Courts
- Organizational Behavior and the Law Enforcement Community
- Trial Tips for DUI Cases
- Courtroom Testimony & Anticipating the Defense
- Advanced SFST Updates with Practical Application Workshop
- Technologies in Substance Abuse Management
- Highway Safety Systems

FACULTY

University of Maryland Faculty & Professional Staff
Highway Safety Experts & Researchers
Treatment & Court Experts
DUI Prosecutors
Drug Recognition Experts

CANDIDATE QUALIFICATIONS

The successful candidate must:

- Possess comprehension skills suitable for college level study
- Possess a strong work ethic
- Aspire to be a leader in all aspects of DUI enforcement
- Be significantly involved in DUI enforcement in either an active or training capacity
- Be SFST trained (DRE recommended)
- Be able to provide a 100% student commitment

** In anticipation of possible acceptance, please submit your respective court unavailability notifications for the class dates.*

Graduation requires 100% attendance and successful completion of a final written Examination.

Participants who successfully complete the Institute training will receive forty MPCTC In-Service Credits as well as University of Maryland Certificates of Completion.
